

OKLAHOMA MATH REVIEW

1. Enter Password: **OklahomaMath**
2. Click the **I'm not a robot** box
3. Click the **Get Started** button

4. Choose the program you want to access, click **Launch Course**

NOTE: Click “Course Resources” to open a dropdown with additional teacher and student resources including a Companion Website and the Cognero test bank and test generator.

Quick Tips to Navigate Cengage eBooks for Adoption Review

Use the Table of Contents to jump to a chapter or section.

Close Table of Contents

Search to find key terms or phrases

Accessibility includes page zoom and Read Aloud

The screenshot displays the eBook interface. On the left is a dark sidebar with a table of contents. The main content area shows the title "The Slope of a Line" and introductory text. Below the text is a coordinate plane with a line passing through two points, (x_1, y_1) and (x_2, y_2) . A right triangle is drawn with the line as the hypotenuse, showing a vertical leg of length $y_2 - y_1$ and a horizontal leg of length $x_2 - x_1$. The navigation bar at the bottom includes "PREVIOUS PAGE" and "NEXT PAGE" buttons.
